

ARPC Women Ministry Fundraising

TREASURE IN JARS
OF CLAY

January 28, 2025

In preparation for women’s annual conference 28-31 August 2025

Every year women in many churches in Malawi including the Associate Reformed Presbyterian Church of Malawi gather together for fellowship and worship for a couple days. Last year the event was hosted by Mponela Reformed Church-ARPC. This year the gathering will take place at Kapangalika ARPC. As part of the event ARPC women are doing a fundraising campaign to raise funds for production of a fabric cloth which is worn by women during the event and in other church events.

The cost of the production of 6,000 meters of the fabric is MWK22,320,398.10 translated into \$13,130. In order for the production work to start we will be required to make a 50% deposit payment and the remaining balance paid when collecting the fabric.

We are therefore embarking on a fundraising campaign to raise the initial 50% deposit payment from our churches and well wishers. The cloth will not be given out for free but will be sold at the production cost and the money will go towards future production expenses for the fabric or women ministry activities.
